

NOVOX

MOBILITE Blue Portable Powered PA with Microphone

Novox MOBILITE Blue is a rugged, compact 60-Watt portable powered PA system with built-in USB/SD MP3 player, radio, Bluetooth, and wireless microphone.

Do you want to throw a party in the garden, in the park, or on the beach? Do you want to make a presentation in front of customers or co-workers? Or maybe you'd like to perform on the street or rehearse with a band? Novox MOBILITE Blue makes it easy! This small and elegant mobile speaker has a built-in battery that delivers 60 Watts of music playback for up to 12 hours. With its low weight and small size, ergonomic carrying handle, and included shoulder strap you can easily take it with you anywhere. Connect Novox MOBILITE Blue to your phone using integrated Bluetooth connectivity. Connect external sound sources via an AUX input, and play music via the built-in USB/MP3 player that supports USB flash drives and SD and MMC cards.

Novox MOBILITE Blue is also great for musicians. The included wireless microphone lets you perform on the street, rehearse with other musicians or have some karaoke fun with your friends. Built-in inputs allow you to plug in extra microphones – perfect for friends or bandmates! Bass and Treble controls give you control to fine-tune your voice or music, and the integrated DSP reverb adds depth and body to your performance. The built-in USB/MP3 player can also record to an SD card or USB flash drive, so you can record your performance at any time.

Every great party needs not only the right music but also the right lighting. Let the Novox MOBILITE Blue surprise your guests with its built-in color LED light effects!

Whether it's music or spoken word, Novox MOBILITE Blue's small but powerful 60 Watt amplification, 6.5 inch low frequency loudspeaker, and 1 inch high frequency tweeter deliver sound and performance that belie its small footprint.

Novox MOBILITE is available in three colors: orange (Novox MOBILITE Orange), green (Novox MOBILITE Green), and blue (Novox MOBILITE Blue).

Bullet points:

- Portable 60-Watt powered PA with built-in USB/SD MP3 player, radio, Bluetooth technology and a wireless microphone. Built-in battery provides up to 12 hours of operation – no need to worry about AC power.
