

## ONEVOX

The ONEVOX is compact portable Line array system. Whether you are a musician amplifying your instruments, a mobile DJ entertaining an audience, or the host of your own special event, this system will provide quality sound for audiences of approximately 80 people. The all speaker will be setup in less than one minute.

This owner's guide provides detailed setup and operating instructions for your (model number) compact system and explains how to connect to a variety of audio sources. For addition information on using this system.
