

nPLAY

Novox nPLAY is a 50W mobile guitar amplifier with a built-in MP3 player USB / SD and Bluetooth and a wireless microphone. Thanks to its design, it is very easy to transport and the built-in battery ensures uninterrupted operation up to 12 hours.

TECHNICAL SPECIFICATIONS

TECHNICAL PARAMETERS

- Main channel output power (4Ω, 1KHz, THD): 50W RMS
- Main channel frequency response 20Hz~20KHz ±2dB
- THD ≤0.2%
- Input Sensitivity of music 380mV
- Input Sensitivity of guitar 12mV
- Input Sensitivity of mic 20mV
- Bass control ±10dB(100Hz)
- Treble control ±10dB(100Hz)
- Main channel S/N >75dB
- Power adapter 15V 3A
- Product size 365*308*225mm
- Weight: 6.8 kg

INCLUDED:

- Speaker
- Wireless microphone
- Adapter
- AUX cable
